Project Name	Hazardous Area Monitoring for Industrial Plant using IoT
Maximum Marks	2 Marks

Customer Problem Statement Template:

miro

Problem Statement	I am (Customer)	I’m trying to	But	Because	Which makes me feel
PS - 1	A employee working at a industrial plant, in which combustibile gases are produced	Work at a hazardous environment in that industrial plant	It is difficult to work at such dangerous environment and also it causes so many health issues to the employees	There is no safety monitoring devices or any mobile apps to monitor the temperature or humidity of the hazardous environment.	Petrified to work in that environment.
