Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

10 minutes

A Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

C Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

PROBLEM
To prevent from industrial hazardous

Key rules of brainstorming

To run an smooth and productive session

- Stay in topic.
- Encourage wild ideas.
- Defer judgment.
- Listen to others.
- Go for volume.
- If possible, be visual.

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

Aravindh S

Instead of doing some to monitor the industrial plant, we can use some sensors to monitor the plant and send the data to a central server.

To avoid hazardous occurrence in industrial plant, we can use monitoring for hazardous gases help on.

Harees N.K

Industrial accidents are as old as industry itself and as are preventive measures.

These can be termed as accident or incident according to the occurrence.

Explosion and fire are two major constituents of these mishaps.

The first step is to understand and define the problem occurred due to explosion and fire.

Ajay R

Instead of doing some to monitor the industrial plant, we can use some sensors to monitor the plant and send the data to a central server.

Jerosh C Daniel R

Industrial accidents are as old as industry itself and as are preventive measures.

These can be termed as accident or incident according to the occurrence.

Explosion and fire are two major constituents of these mishaps.

The first step is to understand and define the problem occurred due to explosion and fire.

TIP

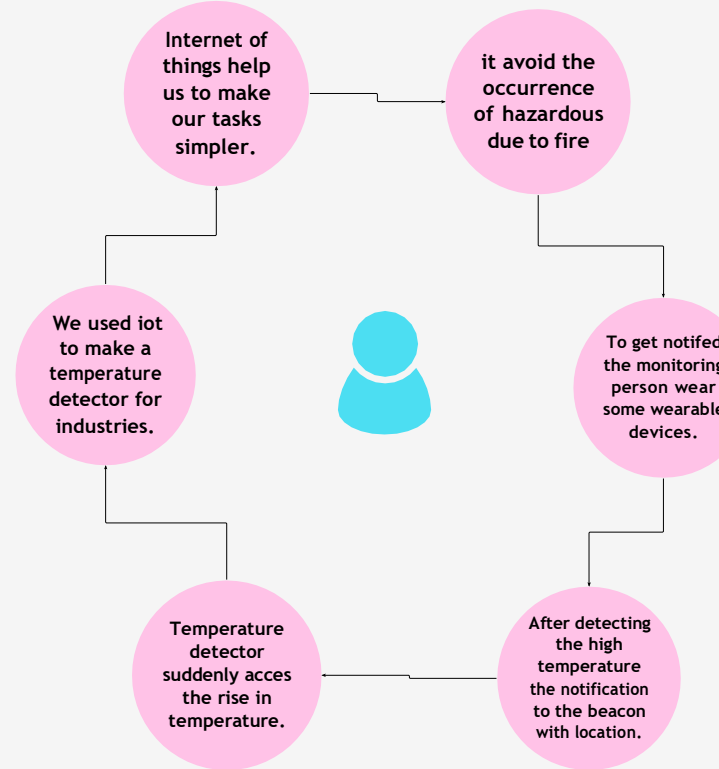

You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

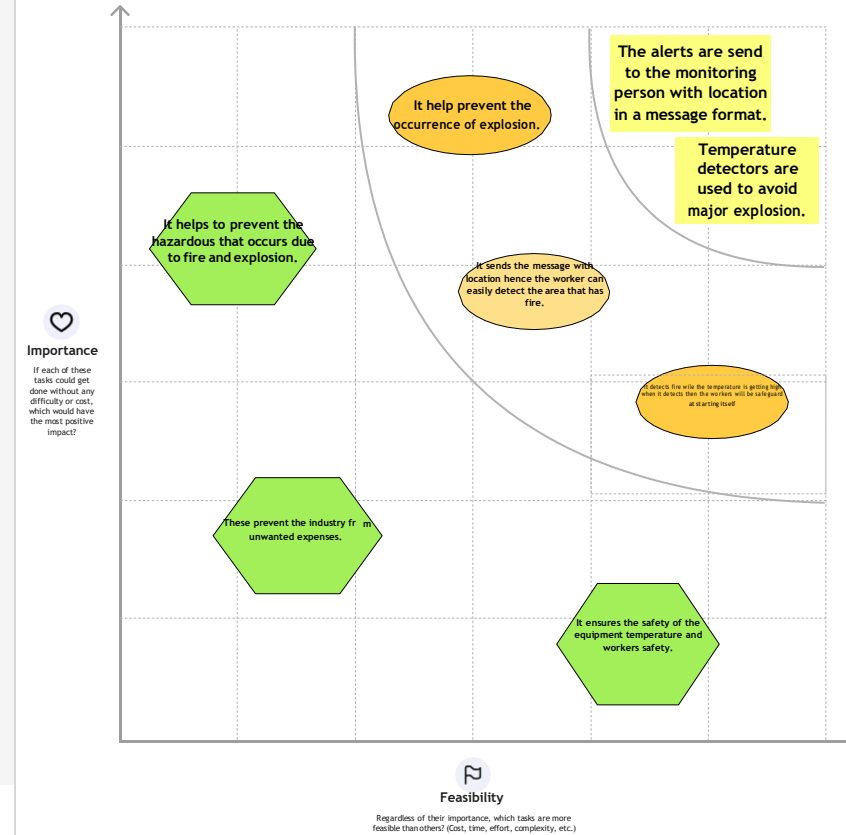

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

- A Share the mural**
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.
