

# Create HTTP Requests To Communicate With Mobile App

Team Id - PNT2022TMID20013  
Maximum Marks - 4 Marks

## Node red flow

# Http requests

The screenshot shows the Node-RED web interface. In the center workspace, a flow is visible with an 'IBM IoT' node connected to a 'function' node. The 'Edit http in node' panel is open on the right, displaying the following properties:

- Method: GET
- URL: /sensor
- Name: Name

The 'info' panel on the far right shows the selected node details:

- Node: \*ac27b7986f90525b\*
- Type: http in
